ADVERTISEMENT.

THE necessity of a general repository of seeds of GARDEN VEGETABLES, of the GRASSES, GRAINS and ROOTS, used in RURAL ECONOMY; of plants used in dying and other arts, and of useful Trees, ornamental Shrubs, &c. as well those which are commonly cultivated amongst us, as the various indigenous and foreign important productions, not yet introduced into our fields or gardens, must be obvious to every person who has the prosperity and welfare of his country at heart. I have attempted, with all my means and industry, an institution of this kind, and I flatter myself that it has been already found of some importance to the community. But, in order to enable me to persevere with additional advantage, I solicit the assistance of the lovers of improvement in every part of the United States, and the territories thereto belonging, to transmit me seeds of the various trees, shrubs, grasses and other herbaceous plants (with or without names) growing in an indigenous state in their respective vicinities, or obtained by them from friends in other places; for which I will send them, in exchange, the seeds of culinary vegetables, grasses, fruits, or such other kinds as they may desire, and in my power to procure. What I can spare of those from my own course of experiments, I mean to exchange with the various Botanical and Agricultural institutions of other nations, for such plants as are adapted to, or capable of being naturalized in the different regions of the Union; and by this means, make an effort to introduce into the country, for permanent cultivation, all the important vegetable productions of the temperate zones, as well as several of the torrid.

I have added to my seed establishment, a BOTANICAL, AGRICULTURAL and HORTICULTURAL Book-

Store ; where every valuable work, ancient or modern, on those subjects, may be had on moderate terms ; and I have recently published, an *extensive* treatise on GARDENING, entitled "*The American Gardeners' Calendar* ; adapted to the climates and seasons of the United States ; (price \$ 3 50) containing a complete account of all the work necessary to be done in the

KITCHEN-GARDEN,		PLEASURE-GROUND,
FRUIT-GARDEN,		FLOWER-GARDEN,
ORCHARD,		GREEN-HOUSE,
VINEYARD,		HOT-HOUSE, and
NURSERY,		FORCING-FRAMES,

For every month in the year ; with ample practical directions for performing the same. Also, general, as well as minute instructions for laying out, or erecting, each and every of the above departments, according to modern taste, and the most approved plans ; the ORNAMENTAL PLANTING OF PLEASURE-GROUNDS, in the ancient and modern stile ; the cultivation of THORN QUICKS and other plants, suitable for LIVE HEDGES, with the best methods of making them, &c. To which are annexed, extensive catalogues of the different kinds of plants, (near 3700) which may be cultivated either for use or ornament in the several departments, or in rural economy ; divided into eighteen separate classes, according to their habits, duration, and modes of culture ; with explanatory introductions, marginal marks, and their true *Linnæan* or *Botanical*, as well as English names ; together with a copious index to the body of the work."

 The articles mentioned in the succeeding pages being principally intended for domestic consumption, and being but a small portion of my general assortment, I refer the curious, and those who are desirous of sending seeds of the indigenous trees, shrubs, and herbaceous plants of this country, as well as of South America, the East and West Indies, South Sea Islands, Japan, China, &c. to their friends in Europe or elsewhere, to my general Catalogue of American and foreign Seeds.

A CATALOGUE

OF

GARDEN, HERB, FLOWER, TREE, SHRUB

AND

GRASS SEEDS, &c.

THE scientific names are annexed to the common, for the accommodation of such *Ladies, Gentlemen, and Gardeners*, as desire to become acquainted with them, and to prevent misconceptions of the articles required by purchasers.

SEEDS OF ESCULENT VEGETABLES.

COMMON NAMES.

SCIENTIFIC NAMES.

Alexanders, or Alesanders	<i>Smyrnum Olusatrum</i>
Green Globe Artichoke	<i>Cynara Scolymus</i>
Red Globe Artichoke	„ a variety
French Artichoke	„ do.
Jerusalem Artichoke	<i>Helianthus tuberosus</i>
Large Dutch Asparagus	<i>Asparagus officinalis</i>
Gravesend Asparagus	„ a variety
Battersea Asparagus	„ do.
Large Jersey Asparagus	„ do.

English Beans.

Early Mazagan Bean	<i>Vicia Faba</i>
Early Lisbon Bean	„ a variety
Long-podded Bean	„ do.
Field or Horse Bean	„ do.
Dwarf Cluster Bean	„ do.
White Blossom Bean	„ do.
Large Windsor Bean	„ do.
Large Toker Bean	„ do.

Broad Spanish Bean	„ a variety
Nonpareil Bean	„ do.
True Sword Bean	„ do.
Sandwich Bean	„ do.
Mumford Bean	„ do.
Green Genoa Bean	„ do.
Green Turkey Bean	„ do.

Kidney Beans.

Early Speckled Dwarf } Kidney Beans }	{ <i>Phaseolus vulgaris</i> , v. <i>pumila</i>
Early Yellow Dwarf do.	„ a variety
Early Cream-coloured do.	„ do.
Early Aricara do.	„ do.
Early Dwarf Dutch do.	„ do.

Early White Dwarf do.	„ do.
Negro Dwarf do.	„ do.
Canterbury Dwarf do.	„ do.
Battersea Dwarf do.	„ do.
Large Dutch Runners	<i>Phaseolus vulgaris</i>
Cream-coloured do.	„ a variety
Corn Beans	„ do.
Scarlet Running do.	„ v. <i>coccinea</i>
Round White do. do.	„ a variety
Large white Lima Beans	<i>Phaseolus limensis</i>
Large speckled do.	„ a variety
White Carolina Beans	„ do.
Speckled Carolina Beans	„ do.
Asparagus or Yard long do.	<i>Dolichos sesquipedalis</i>
Long Red Beet	<i>Beta vulgaris rubra</i>
Turnep-rooted Red Beet	v. <i>rubra</i> , radice rapæ
Long Yellow Beet	v. <i>lutea major</i>
Green or White Beet	v. <i>pallide virens</i>
Mangel Wurzel or Root } of Scarcity }	„ <i>Cicla</i>
Garden Borage	<i>Borago officinalis</i>
Purple curled Borecole	<i>Brassica oleracea laciniata</i>
Green Curled Borecole	„ <i>oleracea selenisia</i>
Variegated Borecole	„ a variety

Siberian or Scotch Borecole	<i>Brassica oleracea sabellica</i>
Brussels Sprouts	„ a variety
White Italian Broccoli	<i>Brassica oleracea italica</i>
Early Purple do.	„ a variety
Early Green do.	„ do.
Large Late Purple do.	„ do.
Garden Burnet	<i>Poterium Sanguisorba</i>
Drumhead Cabbage	<i>Brassica oleracea capitata</i>
Early Smyrna Cabbage	„ a variety
Early Dwarf Cabbage	„ do.
Early York Cabbage	„ do.
Early Heart-shaped do.	„ do.
Early Russia Cabbage	„ do.
Early Battersea Cabbage	„ do.
Early Antwerp Cabbage	„ do.
Early Sugarloaf Cabbage	„ do.
Early Pomphret Cabbage	„ do.
Large late Sugarloaf do.	„ do.
Large English Cabbage	„ do.
Large Flat-Dutch do.	„ do.
Large late Battersea do.	„ do.
Long-sided Cabbage	„ do.
Large Scotch Cabbage	„ do.
Common Winter Cabbage	„ do.
Red Pickling Cabbage	„ <i>oleracea rubra</i>
Green Curled Savoy do.	„ <i>oleracea sabauda</i>
Yellow Savoy Cabbage	„ a variety
Turnep Cabbage	„ <i>oleracea gongylodes</i>
Turnep-rooted Cabbage	„ <i>oleracea Napobrassica</i>
Calabash	<i>Cucurbita lagenaria</i>
Spanish Cardoon	<i>Cynara Cardunculus</i>
Long Orange Carrot	<i>Daucus Carota</i>
Scarlet Carrot	„ a variety
Early Horn Carrot	„ do.
Lemon-coloured do.	„ do.
Early Cauliflower	<i>Brassica oleracea botrytis</i>
Large late Cauliflower	„ a variety
Common Solid Celery	<i>Apium graveolens dulce</i>
Red Solid Celery	„ a variety
Patagonian Celery	„ do.
North's large Celery	„ do.

Celeriac or Turnep-root- ed Celery	}	{ <i>Apium graveolens ra- paceum</i>
Chervil		<i>Scandix Cerefolium</i>
Cives or Chives (roots)		<i>Allium Schœnoprassum</i>
Common Colewort		<i>Brassica oleracea viridis</i>
Early Quarantine Corn		<i>Zea Mays</i>
Corn-salad		<i>Valeriana Locusta ohtoria</i>
Common Cress, or Pep- pergrass	}	<i>Lepidium sativum</i>
Curled-leaved do.		„ a variety
Broad-leaved do.		„ do.
Water Cress		<i>Sisymbrium Nasturtium</i>
Winter Cress		<i>Erisyum Barbarea</i>
Early Frame Cucumber		<i>Cucumis sativus</i>
Early Prickly Cucumber		„ a variety
Long Prickly Cucumber		„ do.
Early White-spined do.		„ do.
Green Cluster Cucumber		„ do.
Long Green Turkey do.		„ do.
Long White Turkey do.		„ do.
Long Roman do.		„ do.

Purple Egg-plant		<i>Solanum Melongena</i>
White Egg-plant		„ v. ovifera
Broad Batavian Endive		<i>Cichorium Endivia</i>
Green Curled Endive		„ v. crispa
White Curled Endive		„ a variety
Finochio		<i>Anethum azoricum</i>
Garlick (roots)		<i>Allium sativum</i>
Ground-Nut		<i>Arachis hypogæa</i>
Common Leek		<i>Allium Porrum</i>
Broad-leaved Leek		„ a variety
Early Curled Lettuce		<i>Lactuca sativa</i>
White Cos Lettuce		„ a variety
Green Cos Lettuce		„ do.
Egyptian Cos Lettuce		„ do.
Aleppo Cos Lettuce		„ do.
India Lettuce		„ do.
White Silesia Lettuce		„ do.
Brown Silesia Lettuce		„ do.
Brown Dutch Lettuce		„ do.
Royal Brown Dutch do.		„ do.

Spotted Cabbage Lettuce	„ a variety
Mogul Lettuce	„ do.
Common Cabbage do.	„ do.
Large Imperial Lettuce	„ do.
Grand Admiral Lettuce	„ do.
Large Royal Lettuce	„ do.
Tennisball Lettuce	„ do.
New Zealand Lettuce	„ do.
Borneo Lettuce, &c. &c.	„ do.
Early Romana Melon	<i>Cucumis Melo</i>
Early Cantaleupe Melon	„ a variety
Early Zatta Melon	„ do.
Early Succado Melon	„ do.
Black Portugal Melon	„ do.
Black Rock cantaleupe do.	„ do.
Golden Rock Melon	„ do.
Large Mogul Melon	„ do.
Minorca Melon	„ do.
Persian Melon	„ do.
Large African Melon	„ do.
Netted Green-flesh do.	„ do.
Nutmeg Melon, &c. &c.	„ do.
Snake Melon	<i>Cucumis Anguinus</i>
Large Jersey Water Melon	<i>Cucurbita Citrullus</i>
Yellow-fleshed do.	„ a variety
Carolina long do.	„ do.
Yellow flesh Carolina do.	„ do.
White Mustard	<i>Sinapis alba</i>
Brown Mustard	„ <i>nigra</i>
Large Nasturtium	<i>Tropæolum majus</i>
Small Nasturtium	„ <i>minus</i>
Okra	<i>Hibiscus esculentus</i>
Strasburg Onion	<i>Allium Ceba</i>
Deptford Onion	„ a variety
White Spanish Onion	„ do.
Silver-skinned Onion	„ do.
Long-keeping Onion	„ do.
Madeira Onion	„ do.
Tree Onion	„ <i>v. vivipera</i>
Welsh Onion	„ <i>fistulosum</i>
Garden Orach	<i>Atriplex hortensis</i>
Red-leaved Orach	„ <i>v. rubra</i>

Purple-leaved Orach	„ v. ruberrima
Common Parsley	<i>Apium Petroselinum</i>
Curled Parsley	„ v. crispum
Hamburg, or large- rooted Parsley }	„ v. tuberosum
Large Dutch Parsnep	<i>Pastinaca sativa</i>
Patience Dock	<i>Rumex Patientia</i>
Early Frame Peas	<i>Pisum sativum</i>
Early Golden Hotspur do.	„ a variety
Early Charleton Peas	„ do.
Early Dwarf Sugar do.	„ do.
Leadman's Dwarf do.	„ do.
Spanish Dwarf do.	„ do.
Sugar Poland Peas	„ do.
Blue Prussian Peas	„ do.
Tall Crooked Sugar do.	„ do.
Green Imperial Marrow do.	„ do.
Large Marrowfat Peas	„ do.
Dwarf Marrowfat Peas	„ do.
White Rouncival Peas	„ do.
Green Rouncival do.	„ do.
Large Gray Rouncival do.	„ do.
Spanish Morotto Peas	„ do.
Pearl, or Nonesuch do.	„ do.
Glory of England Peas	„ do.
Essex Reading Peas	„ do.
Dutch Admiral Peas	„ do.
Common Field or Boiling do	„ do.
Green Split Peas	„ do.
Yellow Split Peas	„ do.
Red, or Guinea Pepper	<i>Capisicum annum</i>
Long drooping Pepper	v. siliquis longioribus
Long upright do.	v. siliquis erectis
Heart-shaped do.	v. cordiforme
Bell Pepper	v. tetragonum
Cherry Pepper	v. cerasciforme
Tomatoe-shaped Pepper	v. lycopersiciforme
Poke	<i>Phytolacca decandra</i>
Early Potatoes, &c.	<i>Solanum tuberosum</i>
Sweet Potatoes	<i>Convolvulus Batatas</i>
Large Cheese Pumpkin	<i>Cucurbita Pepo</i>
Cashew Pumpkin	„ a variety
(with several others sorts)	

Early Frame Radish	<i>Raphanus sativus</i>
Early Purple short-top do.	„ a variety
Early White short-top do.	„ do.
Salmon short-top do.	„ do.
Common Long Salmon do.	„ do.
White Turnep-rooted do.	„ do.
Red Turnep-rooted do.	„ do.
White Naples Radish	„ do.
White Summer Radish	„ do.
Newburn Radish	„ do.
Black Winter, or Spanish do.	„ do.
White Winter Radish	„ do.
Horse Radish	<i>Cochlearia Armoracia</i>
Rampion	<i>Complanula Rafunculus</i>
Rape, or Cole-seed	<i>Brassia Napus</i>
Rocamboles (roots)	<i>Allium Schorodoprasum</i>
Salsafy	<i>Tragopogon porrifolium</i>
Scorzonera	<i>Scorzonera hispanica</i>
Sea Kale	<i>Crambe Maritima</i>
Shallot (roots)	<i>Allium Ascalonicum</i>
Skirret	<i>Sium Sisarum</i>
Broad-leaved Sorrel	<i>Rumex Acetosa</i>
Round-leaved Sorrel	„ <i>scutatus</i>
Prickly Spinach	<i>Spinacea oleracea</i>
Round-leaved Spinach	„ a variety
Burdock Spinach	„ do.
Long green Squash	<i>Curcubita verrucosa</i>
Long white Squash	„ a variety
Early Bush Squash	„ <i>Melopepo</i>
Club Squash	„ <i>clavata</i>
Tomato, or Love Apple	<i>Solanum Lycopersicum</i>
Early Dutch Turnep	<i>Brassica Rapa</i>
Early Green Turnep	„ a variety
Early Stone Turnep	„ do.
Yellow Round Turnep	„ do.
Large Red Turnep	„ do.
Large English Field do.	„ do.
White Round Turnep	„ do.
Tankard Turnep	„ do.
Swedish White Turnep	„ do.
Swedish Yellow Turnep	„ do.
Long Yellow French do.	„ do.

AROMATIC, POT AND SWEET HERBS.

Anise	<i>Pimpinella Anisum</i>
Sweet Basil	<i>Ocimum Basilicum</i>
Bush Basil	„ <i>minimum</i>
Caraway	<i>Carum Carui</i>
Clary	<i>Salvia Sclarea</i>

Double Tulips (in sorts)		„ do.	
		„ do.	

N. B. The admirers of the TULIP, the most beautiful and splendid of all flowers, may be accommodated with upwards of 500 varieties of the most superb kinds.

TENDER BULBOUS FLOWER-ROOTS.

(SUITABLE FOR A GREEN HOUSE.)

Large Albuca	<i>Albuca major</i>
Small Albuca	„ <i>minor</i>
Belladonna Amaryllis	<i>Amaryllis Belladonna</i>
Guernsey Amaryllis	„ <i>sarniensis</i>
Curled Amaryllis	„ <i>crispa</i>
Scarlet Amaryllis	„ <i>formosissima</i>
Broad-leaved Antholyza	<i>Antholyza aethiopica</i>
Upright Babiana	<i>Babiana stricta</i>
Crimson Babiana	„ <i>villosa</i>
Red-blue Babiana	„ <i>rubro-cyanea</i>
Early Spring Cyclamen	<i>Cyclamen coum</i>
European Cyclamen	„ <i>euphræum</i>
Persian Cyclamen	„ <i>persicum</i>
Ivy-leaved Cyclamen	„ <i>hederæfolium</i>
Spotted Eucomis	<i>Eucomis punctata</i>
Square-leaved Gladiolus	<i>Gladiolus tristis</i>
Narrow-leaved do.	„ <i>angustus</i>
Weaved-flowered do.	„ <i>undulatus</i> β
Crimson Ixia	<i>Ixia patens</i>
Yellow Ixia	„ <i>lutea</i>
Upright Ixia	„ <i>stricta</i>
Rose-coloured Ixia	„ <i>rosea</i>
Spotted Ixia	„ <i>maculata</i>
Corymbed Lapeyrousia	<i>Lapeyrousia corymbosa</i>
Dull-coloured Moræa	<i>Moræa tristis</i>
Striped-flowered Oxalis	<i>Oxalis versicolor</i>
Mexican Tiger-Flower	<i>Ferraria Tigridia</i> , Curtis*
Late-flowering Tritonia	<i>Tritonia miniata</i>
Hatchet-flowered Tritonia	„ <i>securigera</i>
Pale-flowered Tritonia	„ <i>fallens</i>
Open-flowered Tritonia	„ <i>fenestrata</i>
Double Tuberose	<i>Polianthes tuberosa</i>
Weave leaved Veltheimia	<i>Veltheimia capensis</i>
Merian's Watsonia	<i>Watsonia Meriana</i>
Dwarf Watsonia	„ <i>merianella</i>

With various other generæ, species and varieties.

* *Tigridia pavonia*, Gawler.

SEEDS OF GREEN-HOUSE TREES AND SHRUBS.

(Exclusive of the following, Mc. MAHON, has seeds and plants of several hundred different kinds, of Green-House and Hot-House plants.)

Asclepias, Shrubby	<i>Asclepias fruticosa</i>
*Bay, European Sweet	<i>Laurus nobilis</i>
*——Carolina Sweet	„ <i>caroliniensis</i>
*——Loblolly	<i>Gordonia Lasianthus</i>
*Broom, Spanish	<i>Spartium junceum</i>
*——White Portugal	„ <i>multiflorum</i>
——White single- } seeded	„ <i>monospermum</i>
Callicarpa, American	<i>Callicarpa americana</i>
*Cedar, Bermudas	<i>Juniperus bermudiana</i>
Chaste-tree	* <i>Vitex Agnus Castus</i>
Cistus, various species	<i>Cistus</i> , &c.
*Cork-tree	<i>Quercus Suber</i>
Coronilla, various species	<i>Coronilla</i> , &c.
Cypress, Evergreen	<i>Cupressus sempervirens</i>
Date Tree	<i>Phoenix dactylifera</i>
Erodium, several species	<i>Erodium</i> , &c.
Fuchsia, Scarlet	<i>Fuchsia coccinea</i>
Geranium, several species	<i>Geranium</i> , &c.
Glycine, Dingy-flowered	<i>Glycine rubicunda</i>
*Hare's-ear, Shrubby	<i>Bupleurum fruticosum</i>
Jasmine, Cape	<i>Gardenia florida</i>
*——Carolina yellow	<i>Gelsemium nuditum</i>
——Catalonian	<i>Jasminum grandiflorum</i>
——Arabian	„ <i>Sambac</i>
*Laurel, Large Levant	<i>Prunus Lauro Cerasus</i>
*——Portugal	„ <i>lusitanica</i>
*Laurustinus	<i>Viburnum Tinus</i>
*Magnolia, Laurel-leaved	<i>Magnolia grandiflora</i>
Mallow, Gooseberry- } leaved	<i>Malva capensis</i>
Metrosideros, 6 species	<i>Metrosideros</i> , &c.
Myrtle, several varieties	<i>Myrtus communis</i>

* Those are tolerably hardy, and with some protection, will bear the ordinary winters of the middle States.

Oleander	<i>Nerium Oleander</i>
Ox-eye, Shrubby	<i>Buphthalmum frutescens</i>
Passion-flower	<i>Passiflora cœrulea</i>
Pride of China	<i>Melia Azaderach</i>
Soap-berry Tree	<i>Sapindus Saponaria</i>
Strawberry Tree	<i>Arbutus Unedo</i>
Sterculia Maple-leaved	<i>Sterculia plataniifolia</i>
Tallow Tree	<i>Stillingia sebifera</i> , Mich.
Widow-wail	<i>Cneorum tricoccum</i>

SEEDS OF HARDY TREES AND SHRUBS.

Alder Tree, European	<i>Alnus glutinosa</i>
Almond, Sweet	<i>Amygdalus communis</i>
Althæa Frutex	<i>Hibiscus syriacus</i>
Angelica Tree	<i>Aralia spinosa</i>
Apricot	<i>Prunus Armeniaca</i>
Arbor-vitæ, Common	<i>Thuja occidentalis</i>
Arbor-vitæ, Chinese	„ <i>orientalis</i>
Ash, many species, Eu- } ropean and American }	<i>Fraxinus</i> , &c.
Bear-berry	<i>Arbutus Uva ursi</i>
Beech, European	<i>Fagus sylvatica</i>
Beech, American	„ <i>ferruginea</i>
Benjamin-tree or spice- } wood }	<i>Laurus Benzoin</i>
Berberry, European	<i>Berberis vulgaris</i>
Berberry, American	„ <i>canadensis</i>
Birch, several species	<i>Betula</i> , &c.
Bladder-nut, Three-leav'd	<i>Staphylea trifoliata</i>
Bladder-nut, Five-leaved	„ <i>pinnata</i>
Bladder-Senna, Common	<i>Colutea arborescens</i>
Bladder-Senna, Pocock's	„ <i>Pocockii</i>
Broom, Common	<i>Spartium scoparium</i>
Candleberry Myrtle	<i>Myrica cerifera</i>
Catalpa	<i>Bignonia Catalpa</i>
Cedar of Lebanon	<i>Pinus Cedrus</i>
Cedar, White	<i>Cupressus Thyoides</i>

Cherry, Wild	<i>Prunus virginiana</i>
Cherry, Garden	<i>Prunus Cerasus</i>
Chesnut, Spanish	<i>Castanea vesca</i>
Chesnut, American	„ <i>americana</i>
Chinquapin Chesnut	„ <i>pumila</i>
Christ's-thorn	<i>Zizyphus Paliurus</i> , Willd.
Cucumber Tree	<i>Magnolia acuminata</i>
Currant, many species } and varieties }	<i>Ribes</i> , &c.
Cypress, Deciduous	<i>Cupressus disticha</i>
Elm, several species	<i>Ulmus</i> , &c.
Evergreen-Thorn	<i>Mesphilus Pyracantha</i>
Fir, Black Spruce	<i>Pinus nigra</i>
——White Spruce	„ <i>alba</i>
——Balm of Gilead	„ <i>Balsamea</i>
——Hemlock Spruce	„ <i>canadensis</i>
——Norway Spruce	„ <i>Abies</i>
——Silver	„ <i>Picea</i>
Franklinia	<i>Franklinia alataamaha</i>
Fringe-tree	<i>Chionanthus virginica</i>
Gooseberry, many spe- } cies and varieties }	<i>Ribes</i> , &c.
Hawthorn, numerous } species }	<i>Cratægus</i> , &c.
Hazel, Witch	<i>Hamamelis virginica</i>
Hazel Nut, 3 species	<i>Corylus</i> , &c.
Hickery, several species	<i>Juglans</i> , &c.
Holly, several species	<i>Ilex</i> , &c.
Honeysuckle, Trumpet } with several other } species }	{ <i>Caprifolium sempervirens</i> , Mich.
Honeysuckle, Upright, } several species and } varieties }	<i>Azalca</i> , &c.
Hop Hornbeam, Ame- } rican }	<i>Ostrya virginica</i> , Willd.
Hornbeam, American	<i>Carpinus americana</i>
Horse-Chesnut	<i>Æsculus Hippo-Castanum</i>
——Yellow-flowering	„ <i>flava</i>

Horse-Chesnut, White- flowering	<i>Æsculus</i> , a variety
——Scarlet-flowering	„ <i>Pavia</i>
——Dwarf	„ <i>macrostachya</i>
Judas Tree, American	<i>Cercis canadensis</i>
Judas Tree, European	„ <i>Siliguastrum</i>
Juniper, Common	<i>Juniperus communis</i>
Kidney-bean Tree	<i>Glycine frutescens</i>
Kentucky Coffee	<i>Gymnocladus canadensis</i>
Laburnum	<i>Cytissus Laburnum</i>
Larch Tree, European	<i>Pinus Larix</i>
Larch, American	„ <i>microcarpa</i> , Lam.b.
Laurel, com. American	<i>Kalmia latifolia</i>
——Narrow-leaved	„ <i>angustifolia</i>
——Mountain	<i>Rhododendron maximum</i>
Leatherwood	<i>Dirca palustris</i>
Lilac, 3 varieties	<i>Syringa vulgaris</i>
Locust, Honey	<i>Gleditsia triacanthos</i>
——Common	<i>Robinia Pseudo Acaçia</i>
——Viscous	„ <i>viscosa</i>
Lime Tree, 3 species	<i>Tilia</i> , &c.
Magnolia, several species	<i>Magnolia</i> , &c.
Maple, several species	<i>Acer</i> , &c.
Medlar, several species	<i>Mespilus</i> , &c.
Mezereon	<i>Daphne Mezereum</i>
Mountain Ash, European	<i>Sorbus aucuparia</i>
Mountain Ash, American	„ <i>americana</i>
Mulberry, White	<i>Morus alba</i>
——Black	„ <i>nigra</i>
——Red	„ <i>rubra</i>
——Paper	„ <i>papyrifera</i>
Nettle Tree, 3 species	<i>Celtis</i> , &c.
Oak, numerous species	<i>Quercus</i> , &c.
Papaw Tree	<i>Orchidocarpum arietinum</i>
Peach Tree	<i>Amygdalus Persica</i>
Pecan Nut	<i>Juglans olivæformis</i> , Michx.
Persimmon, Date Plum	<i>Diospyros virginiana</i>
——European Date do.	„ <i>Lotus</i>
